

Foulton, Mordington & Lamberton Community Council

9/3/26

Foulton Village Hall

6.30pm

Attendance:	Tom Trotter (Chair - joined online) Lianne Drummond (Secretary), Louise Birkett, Neil Adcock, Madeleine Wilson, Nicola Whittingham, Andy Manley (co- opted Treasurer) Councillors - James Anderson, Carol Hamilton Fergus Coats (Eyemouth Community Council)
Apologies:	Kim Kirkby, Audrey Sanderson, Harry Frew (Vice Chair)

1. Welcome & Apologies - meeting start time:
TT joined online - Thank you to AM & NA for successfully setting up this. TT welcomed everyone to the meeting and apologised for being unable to attend in person. TT noted that LD would lead the meeting.
- Open forum - No one was present.
2. Minutes approval from last meeting : Minutes approved.
3. Outstanding Actions Update: LD noted that the PP has taken priority these past few months so some actions will continue over to next meeting, many are in progress. JA to follow up with 7 Lamberton re. Internet connection. PP emails & meetings held. - Done Notice boards have been updated & LD will put most of the posters in. More keys needed. Resilient Plan – still outstanding Email about buses - done. Official goal opening – HF to liaise with Garry Armstrong now the weather is better. Photos to Lianne for notice board - continue. Thank you to those who have sent a photo. Investigate field for car boot - continue. Lamberton VH SCIO - see below.

Places for defib & funding - continue.

4. Place Plan update:

LD lead the discussion around the PP, introduced what had been done so far and what is next.

At this meeting the CC was to agree on what priorities are High, Medium, Low and discontinue from the list Community Enterprise had provided. TT had grouped themes together to produce smaller groups with similar themes.

JA & CH noted that we needed to not worry about getting all the little things agreed on but to work out the priority of the main themes.

All projects were agreed upon unanimously with what priority they should be given. This will form part of the PP.

5. Sub committees

- LVH - LVH - From Audrey
- "Update on Hall;

Regarding our SCIO application, I am filling out an OSCAR form and am waiting for the return of trustee declarations, hopefully at the next meeting.

Electricity cable came down during high winds and rain. Scottish Power responded immediately and sent someone out (on a Sunday) to sort it out.

We discovered a leak in the roof and a local builder has been out and is going to fix it. He is also going to provide an estimate to install toilets.

We are hoping to secure funding for this venture through BFVHs although have just received this regarding the grant allocation.

"As part of the Council's recent budget setting process for 2026/27, it has been agreed that this grant allocation will be incorporated into the Neighbourhood Support Fund (NSF) from the 2026/27 financial year. "

- -FVH

AM - 20 new solar panels with 2 batteries. Trying to work out the best company to go with to get export rates. Money came from the decarbonisation fund and Hall's own money. AM noted that the hall is very well used.

- Playing field

NA noted that there is a broken fence. TT to look into it and having it repaired.

LD & LB wondered if Foulden park was on a list for a playground update through SCB. CH & JA didn't think they were. CH to look this up.

- Paths

TT – Grass hasn't grown enough yet, so first cut hasn't happened but will do soon.

AM noted to keep all fuel receipts.

Lamberton - MW is doing a fantastic job at liaising with Bear Scotland and SBC to tidy up the roads connecting Lamerton to the A1. Noting that not everyone can use the steps so need to use the slip road.

MW has had the meter lines cleared as a way of a path to make it accessible for those using the bus stop.

MW is now looking at signage for the roads around Lamberton.

- Planning

Nothing to note.

6. Treasurer update

AM - 1 payment for electricity from the pavilion.

Two points

1- Permission to use BD sister to do accounts - all agreed.

2. Earmark money to fix the fence at King George. All agreed £350 will be allocated to this.

AOB:

LD asked AM if he will lead the car boot sale again this year. AM noted yes this year. - Find a willing member of CC or public to do this in 2027 and beyond. TT/LD to look into Punton field opposite for parking given the other will be out of use this year

Location of car boot sale is a concern and will be a high priority to sort asap.

NW noted her thanks for support from LD & TT about a resident's concern about overhanging trees. The trees were quickly cleared.

LD highlighted that she has created a QR code that links to the SCB reporting website and encourages all to highlight this and to report themselves. LB suggested these go in bus stops - LD will action .

TT took a moment to thank LD, NW & KK for their time and effort spent on the PP.

TT thanked everyone for attending the meeting and their continued support with the PP.

The next meeting will be held in Lamberton Village Hall, 12th of May 6.30pm.

Date of next meeting - 18th May - LVH

-6th July AGM - FVH

-24th August Car Boot Sale FVH
