Taking pride in our community

Recently whilst out on their regular walk two keen community litter pickers saw this in their local bus shelter...

Many of us would have just passed by but these two went home and returned equipped to do something about it.....

They set to work.....

What a difference!

We are hoping to get funding to **paint** the bus shelter and next year will be setting up a small projects community group. **What project would you like to be a part of?** Email us on enquiries.fmlcc@outlook.com or on our website https://www.fmlcc.org/contact
